Process Mary to the Museum
(copy)Written Apr. 1, deliv^d. 2nd 1812

My dear Mr. Foster
I should feel myself
wanting in duty & respect if I did
not acquaint you that Augusta
has communicated to me
the contents of a letter she
has taken the liberty of
addressing to you & as my
feelings so completely
correspond with hers as to
every sentiment contained
in that letter as to gratitude
affection & duty towards you for
all your kindness & my
wishes & wishes as to what
regards my future plans
in life I shall not trouble
you with repeating over
again what she has

expressed so well & in so much
better language than I
could have done, but may
allow me to assure you
of what I trust you are
convinced of already that
I have no greater object
in life than to serve my
Duty & attachment towards
you my dear Mother
& that I hope you will
ever believe me
Yours & Dutiful Daughter
