My Dearest Brother

Eliza and Mary have both acquiesced with the
 simplest part you have taken concerning us with the Queen for which I will not
 delay for one instant returning you my grateful thanks - I am very sensible that
 it is to your good Office that we are indebted for her opinion that she had mis-
 stood us - and I only hope that we shall not have any more occasion to plague you with
 our Applications for redress - You are acquainted with all our hearts, and know how very
 anxious we have ever been to show every Mark of Gratitude Affection and Obedience to
 the Queen but that we have other Relations who have shown off gratitude and affec-
 tion upon us, and we are more so than from yourself -

God bless you my Dearest Brother

Believe me ever

Your most truly affectionate and grateful

Augusta
