New Year Nov 23. 1718

My Dear Brother

Your most kind letter has just
 reached us and both Mary and myself are very much
 oblig'd to you for your kind enquiries. We are well
 tolerably well to day and have had a walk. Mary's
 Colds much better and I have not any symptoms
of the jaundie though Mary says I am still yellow
 I hope as I shall have the happiness of seeing you
 soon - Lady Nassau and Mr Taylor desire their duty
 to you. I suspect it was as well that you did not see
 us to day as we are rather low - Mr Taylor and
 you come from London as he has not time to do
 more but he had long visit from Lord Liverpool and
 both himself and Mr Johnson spent many
 fully upon all the subjects you would wish.

You will naturally suppose that though we try to
evict ourselves a great deal that it will not always
do and to day we are both very shabby
God bless you ever your most truly Aff^d and
very grateful

Wm Pitt

I am very grateful for
Mrs and Misses Grateful ever to you my dear
Butter every moment I think of your kindness to
us during this sad sad long time of trial. It is true we
all should like in the sorrow but it was your
exquisite kindness which with our being such a long
kindness much you soothes our affliction
God bless you for it
