My Dearest Brother

I hasten to return you
My most grateful thanks for the
beautiful basket you have been so
kind as to send me and which I shall
value so much for your sake. But I
must thank you still more a thousand
times for your kind expressions which
are contained in the letter I have just
seen which are truly counsils of grace

Reflection on her success talking over
the happy code as had id together with
you on Monday last

I am very happy to inform you that Mary
is all but well, and the only distress
now from its walking which is her
legs will go off when she is all but
more secure which is so important for her
general health.

The Pimper is just returned off for London
which obliges me to conclude but not

As I have added her very sincerely I am
My Dear Mother
Yours very truly Affectionate
