Sir

 Your good heart will perceive
 that our journey has been
 forced to be put off from
 my father's eye being so
 very indisposed, he called it
 slight but honestly I be-
 lieve he well knows that
 there is reason to apprehend

 suspended all belief & good

 sible to describe — He wishes
 you to know he could not

undertake his journey & I fear
 would be worse to his health
 I never saw him so well, &
 this very severe stroke which
 we all has been borne
 by him with a calmness
 which even shews forth
 when my father is now
 laid so placid, still, quiet
 humble in short just his
own peace or disposition
 we go to Longmouth today

for my memory was so

told her Daughters with
great joy who very
properly assured her

appeared mutually
pleased with each other
I own I think the Duke
much more like the

so very pleas'd to
