My

Windsor, tenth October 20 1859

My Dearest Mary,

I was very glad to learn from your kind letter of yesterday that dear Amelia had enjoyed better health, the preceding night, and that you considered her state upon the whole more satisfactory. Doctor Ross will go to Weymouth on Monday next, at which I rejoice as I am convinced that his attendance is gratifying to Amelia. I have stated very ~~liberally~~ to them, and must repeat to you, that I do not wish the period of her departure from Weymouth to be hastened. I have no doubt from what you say that the 6th of November is as early as it ought to take place, but if it should prove in any degree desirable to postpone it further, it must be done.

Believe me to be,

(Signed)

George R.
