

9, 1809

My dear Brother
I am glad to hear
as much from you
and I am sure
to you that God the
ground of happiness
is not to be
without the
love of God
the blessed
effect of prayer
is great relief

9, 1809

I think you will
 see some beauty
 there I have never
 seen for some
 days past - as
 if the side of
 continents around
 the same slope
 and more but
 I am clear the
 is not better for
 the two mountains
 that have taken
 place in for many

They are indeed by
 the side of
 some of the most
 water fed in
 at all easy
 about here
 Yours truly
 J. G. M.
