

Dear my dear Mother  
I can not let this day  
pass without mentioning  
you every happening  
this world ever offered  
to me most sincerely  
hope you may see  
many happy returns  
of this day —  
We still hope so  
for as things are  
you than I see how  
John does agree  
with Amelida  
but she is in a very  
unhappy state

as the Seabirds had  
 on Court Landing  
 have brought out  
 a most excellent  
 inflammation  
 on the side  
 which was been  
 dreadful to see  
 but both the and  
 Bates with regard  
 me ~~God bless~~ she  
 and left forever  
 to thank they like

In little time  
 they saw for  
 some time  
 escaped Sir J. B. P.  
 & Powell came  
 to Inman where  
 I shall write  
 again & tell  
 you when they  
 say - I was very  
 to hear from  
 Edward you  
 was so much  
 kindly I hope

You are better  
I am <sup>Princess Mary</sup> ~~well~~  
and <sup>to</sup> ~~going~~ to  
see <sup>The Prince of Wales</sup> ~~him~~  
is my ill & gentle  
month to attend  
mother & I fear  
will be more  
time before she  
recovers than any  
ever attend  
which is use  
inflammation  
in her lungs,  
and I hope
