

*To Princess Mary**May 10 1810**Copy**Queen's Palace May 10 1810**My Dear Madam,*

I have received your very kind letter containing last night's & this morning's Report of some accident, & altho' I cannot but feel much grieved that she suffers so much from Cough & Pain in the Side, I am willing to make every Allowance for the Effect of a temporary Cold and for the Disturbance which she feels at parting with Mrs Williams. — The Queen desires me to say that she fully intends to have thanked you this Day for your Letters, but has been prevented by her cold from writing.

Believe me Sir

(Signed)
George R.
