

To Princess Mary

My Dearest Mary,

Accept my best thanks for your kind letter, and for your continued attention in communicating to me every particular respecting dear Amelia. It is satisfactory to me to know that her head has been relieved by the cupping, but I was truly concerned that she still suffers so much pain in the side. - Pray spare her, with my kind love, that I do not expect to hear from herself at present, and that I should regret very much her attempting the exertion of writing even a few lines. The Reports of Amelia, however, thank God, satisfactory, as you will see in the enclosed letter from Mr Shippo.

Believe me &c

(Signed) George A.
