

[1812]

(See reports of King's Physicians)

Feb^y 24. Windsor

I think I need not say the pleasure
 it gives me the thoughts of
 seeing you next Sunday &
 I sincerely hope to find you
much better - The King was
seized yesterday after having
 appeared to be sound for 16
 months - He looks well in
 health but I understand
much older in the face
 & much thinner - I hope
 to see the Gov^l & Lady

Pennic's Henry
to
Mr Pennic Regent
