

Sunday June 26 [1844]

My dear Mr. Button

I would not trouble
you with one of my sermons
during your tour you have
been in our service previously
last, but as I understand
you are to be in town to
morrow I take up my pen
to write you just all
the good off as well
during your absence &
most sincerely hope you
are not the worse for
the pen you have

level in for the last three
 weeks - We shall be in some
 to summer evening & I hope
 I shall have the happiness
 & pleasure of seeing you
 on the evening of Tuesday
 some time or other
 Mr Henry keeps ^{himself} ^{very} ^{carefully}
 quiet - I hope we have
 a cold but I trust is
 not more than usual
 but this cold weather
 is much against her
