

July 27 [1814]

My dear Mother

I am happy to say
I only was vexed a little day
all things considered, the
Madness is cut off, but of the
does not know she is easy
& I hope she will find her
with some power to brighten
I congratulate you on the
success of a good medicine
from Grand that she
may not return again
& that we may never
see more of her & child

a Stone then up & the steps
go to the bottom scale
and give a small
push to the Packet bundle
to stay your time —
it will be the only step
you shall ever take
on with pleasure
nothing is great
about a good letter
in the evening Post
