

Sep. 9 [1814]

My dear Brother

There is my much  
 better today for the swelling  
 yesterday - Poor Sopley is suffering  
 abominably with a fever in her  
 face & teeth which I suppose  
 may all come from cold  
 in other respects she is life  
 well than last week -

Franklin came to see us  
 yesterday letter, but will  
 make us go to Brighton  
 today - Charlotte slept  
 & bled this evening with  
 us yesterday & she says I  
 have eyes and when she  
 took care of us - The Rev.

was most gratefully recalled to me  
& my great pleasure at last  
to be able to send a copy and  
my interfering conversations  
with you & Charlotte especially  
I was much pleased with  
the Queen's kindness to send  
which would have been  
a great congratulation on her  
as she told the Sp. of York  
was much she felt it

Yours  
affly  
John

To  
the  
Queen  
&  
Charlotte
