My dearest Brother

I return you many  
thanks for your kind letter  
and for I must have  
explained myself all in  
regard to the subject I send  
you for as I wrote it by  
your orders of course it  
is for you & I have kept  
a copy for myself and  
with that copy I have  
made a summary  
of all that subject between  
Charlotte & myself therefore  
I have the whole & should  
you ever wish to refer to what  
passed alone with me

I will show it to you when  
we meet - Charlotte did  
come over this morning  
but her conversation had  
to do with business and I feel  
that of the day and night before  
expressed herself I had  
before but took upon  
as it might to come  
spontaneously from
