May the 8

I am commended by the same
 to express her regret at not seeing
 you to day & still more how
 she cannot see cause that
 keeps you in town - but before
 with the good cause of it in Henry's
 kind advice you will be
 soon quite well again
 the Dr of York is not yet
 arrived but I shall have
 no time the moment
 she comes to deliver your
 kind message of remembrance
 on this day - the Sister has
 as well as I myself send
 many love and every

hope that we may soon meet
& that you will get rid of
your despondent confusions
my shortly yours

Henry
