Sunday Feb 7th 18—

My dear Brother

I am glad to find
you have had some interest
of brain but hope it is quite
gone off & that as the bird
mother is returning this
morn'g you will hear
her voice I am sure —

The thing is quite and
compared but have got a
cold in his head —

I have not seen Charlotte for
the last three days, as
the matters have been
so bad - God
