My dear Brother

I received the paper quite safe & return you every thanks for them - The King is open & supply but independent of the cause to the (Cottle) the morning and told me she had received a letter from her brother without any date, it is to make her joy of her birthday - She says nothing of returning to England but "wishes to see her sooner than she expects" or something like that

but the letter had not come  
and the letter I only referred  
to you was made to me  
the letter to my Mother  
thought came from Lady  
Brougham I found to be one  
from my Mother and  
and the letter and of  
it a date she should  
but was in it & found  
it - Yours

Ally
