

? July 1816

My dear Brother

As I am to see
the Day of meeting to day at
4 o'clock am but find
dressed and a good deal
fatigued the Lines think
of you have no objection
I had better not see the
Chancellor or your mother
that conversation is over

When I came you will
know what was passed

Yours
Ridley

I took the Chancellor with
his usual bandage and
finger and putting him
off tonight I came to
Dunmore at Colton House
at the same hour
