My ever dear Brother

I am sure enough  
 to believe that you will like  
 to hear from me that I  
 hoped all yesterday at  
 Winton & found the dinner  
 quite as well as I  
 could expect my beach  
substance but my companion  
 & Mrs. Beckwith appeared  
 and she had a good deal  
 of sleep in the night  
 and at several times  
 had her greatest when

from tears I found Inoluck and  
 William with her - She said to  
 them she told me matters  
 you had made her a  
 most kind and the  
 day before I wrote of it  
 with much pleasure  
 and delight - I had offered  
 to me my thanks for  
 her - Since writing the  
 above when I had been  
 her appearance but I wish  
 with the very best  
please I am very kind

and taking in all that is required  
to make this House and  
comfortable - such brought two  
one that was ~~made~~ according  
to your orders & the other  
according to his own ideas  
& with the Duke & myself  
at once decided for  
you as in any way  
we will do like it best  
but had we not liked it  
we will do we do - of course  
we should have been  
satisfied with anything  
you approved of -

Completely sensible of all the  
difficulties at this moment  
therefore we put ourselves in  
your hands, satisfied you  
will do what you can  
whenever a proper opportunity  
offers - I am looking forward  
with much delightful  
joy to the time I shall  
be happy to see you at  
Brighton - Next week the  
Duke goes to New York, and  
I shall pass some time  
at Madrid with the L<sup>dy</sup>  
& my sisters when you  
may please I shall send  
copy a little - You I do feel for

The sum of £1000 - I had  
a letter from Dally to say  
about Paris that I had  
be now writing off from  
Stuttgart
