Rushmore Park -

My dear Mr. Butler

I am directed
by the Duke to express his gratitude
as well as my own for the
very pretty volume you have
arranged for the attention
in this House. The work brought
me for us to me yesterday
with my clerk but we
certainly prefer yours as
it contains very useful
information which
and we should take it as

a great power whenever a
 better opportunity offers
 (and you can do it with
 very propriety) if you
 will have the right
 to the Hospital & of course
 which ever place you
 approve of (and will be
 done) ~~entirely~~ to yourself
 for, at the same time
 may be agreed on and
 with smooth that this

[1816]

is a moment that nothing
can be done without
much consideration
Therefore we have it quite
on your hands feeling
interested by Lord Bute
that you will do what
you can & not forget us
I am sure enough to
feel interested you appear
for me is much that
you will forgive this
long scrawl - I have

from all members of the
I found the L. Colony more
at least than when I was
from Westbury the end
of them all will
reply to them - Yours
