Windsor Park April 8th

My dear Aunt Bessie
As I write
you may think that last time
I was at Windsor I found the
Queen not quite comfortable
I write again to say I have
been over to see them all
this day, and the Queen
asked me the full letter
you sent Sir Henry had
ordered her, but she is too

and certainly not comfortable
 & my father all agree in this
 opinion, that she is restless and
 easily fatigued and in con-
 -sequence some difficult
 to amuse. In Beckenroff's
 I made a point of saying
 says the Queen is not old
 " yet not well & she thinks
 some her last days very
 strong however trifling effects
her name & that she is

~~where~~ my mother & so easily
alarmed about her stomach when
her stomach is disturbed
that it is in her effects

is the case nothing pleases
or amuses — As to her

but not out of her room —
They had letters from Royal

that the Off of Water is proposed.

through Stuttgart in the night
& that no contact was taken
of her by the Army & I was
as to know of her where in
the County of Wurttemberg
Germany - The Banker
at Stuttgart had letters
A Draft to the amount
of 20 Thousand & paid to
amount &
which he advised to
the Sp & she took that
sum off with her & then

ment on the journey —
and God bless you the
