Bayset Park

My dear Brother I write in my
own name as well as the
Duke to enquire after you
& to say that you will be
one of your own pleasure with
us a line just to my love
you are - I feel most
heartily anxious about
you as the Duke thought
you so independent & sturdy
May I hope that you
will be one of our own

Royal Park the night before
 you go to Brighton as it would
 make us visit happily to
 me. You & I am sure
 the sooner you can
 get out of I am & hope
 is highly necessary —

I left the Queen about two
 hours ago but she had
 begun to be really shock
 by the news of the accident
