Windsor Castle Dec 21—

I can not but thinks dear Place
 & in my own strong sense
 without seeing long you a
 few lines long almost
 Brother first to write
 myself to your memory
 I think I need not
 tell you how I have
 enjoyed these few
 days in company with
 my two sisters when
 we all appear & happily
 and I am happy to

after your dear reply is
yours and of the attack
better than usual
I was very to have from
you Henry. Alfred that
you are perfectly
just I wish it being
to keep off & I shall
feel anxious to have
from you ever
