Baysal Park Dec^r 18

My dear Brother

I must write you one line
to recall myself to your
remembrance & to say that

The Professor came to
make me a visit

yesterday - He is looking
very well indeed though

he refused me to see
him

He is still last week

He goes to Weymouth

The 26 or 27 of this month
you have written -
I was very sorry to hear
from my mother when
she has been over to see me
to sleep that it was
necessary for her to
Holland to go to England
I hope that whatever
she has ordered has
been of use to you

[1817]

by this time you are
quite well again
what dreadful matter
we have had such
constant news that
this place is so damp

I can hardly take

any walk - God

Bliss your affectionate

Daughter

Duchess of Gloucester
to
Mr Prince Rogers
Decr. 10th 1691.
