Bays Hill Park Dec 23rd

My dear Mr. Butler I have
 been over to see the Ladies
 this morning & am happy
 to say she appears in good
 for her journey home
 yesterday & is looking well
 in the face & looks cheerfully
 but I should say business &
 work over come - She
 says she ^{is} better for the
 Bathing but I own I think

her looking particularly ill
 in the face - Myself I thought
 my legs much better
 & less swell than the last
 time I saw her - I am all
 anxious to hear from her
 & find you I am
 very to hear at Windsor
 it was necessary for her
 to go down to Brighton
 but hope she may make
