

[1818]

Windsor Castle Jan^y 26th

My dear Brother Your kind
 offer of build letters I received
 a moment in thinking you
 for & expressing my delight
 & gratitude at receiving my
 humble offerings in the way
 fitting my poor love
 alone - In the 2^d below
 I thank you for your
 kind inquiries after my
 health, I am sure have wanted
 to get a return and in

my Board the day I came
 to town which obliged me
 to keep my room until
 the day I came to Windsor
 but I have been quite
 well since my arrival
 at this place - I am
 glad to find you have
 been so well found & going
 safely God bless you
 I have had enough
 to see set my constitution
 & my nerves but I hope

[1818]

& trust when I hear the
happening of every year
in some you will
be quite well & being
devoid of ill of health
& nervous to stand a
winter campaign - I
regard to our blood I mean
she certainly is better
with in the last two
days more cheerful
& bustling with the
work - You being depend
on being every day -

and the real truth which
I can assure you has
been the great offer
in my letter you have
received - But how seldom
about knowing how great
so great & is so great
whereas the shortness
of nothing is greater than
that it is more popular
for us to come to know
that we have written to
you for the purpose of
suffering that & nothing
now told us all definitely

cont

upon hearing her name
 at once & trying to raise
 her spirits so much as
 possible - long & tedious
 sorrows had been on
 her mind. They thought
 as in her present state
 for particular when
 suffering under shooting
 of matter) brought
 cause sudden death
 & yet they do not say she
 was ever in imminent
 danger - Just before
 the case I lived also

had not your letter to
 me as described of
^{with me}
perceiving that you
must not come upon
any account what
ever until you
come for good to some
place she will expect
you & be looking out
for you therefore
the more you come
after you are
gone the letter
shall express unto me

that of you would write
a letter to her / but
saying you have heard
she is old / but to
my naturally she a
long time since
you have written
that you wish to
recall yourself to
your Mother I wish
to say you will
make it a point
to come & see her
the moment you can

after you are in town
It will encompass the
June & also be your
put but a word in
front too you be
our colade you be
know the be be
will - It is a
modern state.
but yet I suppose you
she is better within
the land two days
I hope William is just
well - God bless you
Your friend
