My dear Mr. Burtin

I have this moment  
heard that you are not so  
well to day & my authority  
being coming from a dear  
friend of yours I can not  
doubt its being so - so I send  
some powder to enquire  
after you - send to death  
to find the gout does not  
go off kindly - I fully intend  
calling at Carlton House  
to morrow but I have  
received a note from your

August by my own to find  
 her at her as the mother  
 would to get over the matter  
 in the Yard & I am  
 so agreed at her making  
the execution that I have  
 sure you will approve  
 of my opinion - therefore  
 if you are well enough  
 to see me Monday I will  
 take my leave & call
