

[1819]

Bangs, Sat Sep. the 10 —

My dear Brother

I have had the happiness
of dear Augustas company from
Monday last untill yesterday
It is impossible to tell you the
sort of pleasure it gave me &
I think she really found her
little apartment as com-
-fortable as she expected me
she slept, & talked long with
me as much as it delighted
me to receive her - She offered
me high thanks but gave
quite enough - I am going

to Windsor to sleep to see Dolly -
 I had a long letter from
 Eliza who had seen the
 Countess the pass the same
 a delicate state of health
 & Royal says the same
 by William's last letter they
 are to be in town the 11th.
 The Countess stayed two nights
 at Windsor with her and
 baggage I mean by that
 means the baby - the
 beautiful two Daughters and
 the little sister and they

[1819]

all intend to not both evening
at 9 o'clock - The Duke & D^{ch} of
Kent Baby move the D^{ch}
Jesmond & M^{rs} Alceste that all
minded them good night at
the same time & actually
went to bed to the very
great amusement of the
whole society at Windsor
I have Joy too as to be known
the 9 of Oct - He left Windsor
last Sunday on the
Prin^{ce} of Wales & I shall be
very to be satisfied as to
leaving to be - I am sure
you are sorry concerning

you are found but I am sure
who has been a hard fight
& has been will survive
that only I am sure
to the Don & only I am sure
to say he was too ill
for him to receive any
assistance & he has been off
altogether - Am God bless you
I hope you continue to
enjoy this beautiful fine
weather - by the by I was
lastly back some days
ago full of all your
kindness to be in the
Joke of my life & of how you
have made yourself liked

& advised me that before I
did me good to leave all
the told me as my affair
for you is truly interesting to
all that concerns you
& for or near & in all
situations you will ever
find me grateful
Yours
Henry
