Brighton Park Sep 24 -  
 My dear Mother - In the first  
 place I must deliver a message  
 from one of your great admirers  
 & who really is devoted to your  
heart & soul - his wife a person  
 that you know Robinson  
 lived with us a few days  
 ago & she urged me to  
 say the news not as  
usual mother of your son  
 to Carton House we hope you  
 will go at a place at  
Brighton - but it must  
 be unpacked & uncovered

otherwise it will get yellow  
 she made every sort of  
 enquiry after you - then  
 her people are doing all  
 they can to keep up  
 their shanties - they leave  
 Otterhead in a few days, it  
 is sold to a Mr George Wood  
 I was at Winton Drury and  
 found Sully really very little  
 Angora in high force -  
 I am very sorry to find the  
 state of Lawrence is in the  
 delicate & state of health  
 & from much the very  
 end of me - I had a long letter

from  
 with

 with the work the pleasure  
 made her - she has seen a  
 great deal of Dolly & is quite  
 water proof he is temperately  
 happy in his domestic  
 concerns & the finds her  
 very much improved in  
 her looks - Dolly <sup>was</sup> at  
 Stuyvesant the 3 of Apr & <sup>was</sup> <sup>at</sup>  
 her mind he found high  
 in good health - she hopes  
 to go & see her soon but  
 that must depend upon  
 how she shallings & James  
 for the day from Tail -

I have people thank me for  
never leaving here yet to see  
my sister, but I can not  
sent the Prince to any  
absence for me & he has  
been so distressed lately  
that he has not had  
a shilling at command  
The words "the Prince is  
unable to generous and  
gives away without any  
consideration" — The thing  
the reports heard is the  
little chance she has  
of ever coming to England  
which is the state of

his presence will be quite  
out of the question - I rejoice  
you have such fine weather, I  
never saw more delightful & I  
quite live out of doors -  
Yours truly
