

[1819]

Sep^r 26 Bayly's Park —
 My kind Brother & returned from
 Hatfield yesterday evening about
 4 o'clock after leaving before
 the my equine dogs - I had
 taken up all attention &
 business - The party consisted
 of the Bridge water two Mr
 Drummond Mr Salt & only
 James John left Hatfield for
 London yesterday evening
 by Coach Mr Weller's post
 Chariot Mr Fendall only
 their families son Lady Westmeath
 & her Countess - I fear nothing

can be more uncomfortable than
 all the business is going on
 concerning the Westminster and
 both the Holy See and the
 my uncle & are doing all
 they can as well as to
 Combs to keep it out
 of a Public Court - They asked
 the other Stankopes to meet
 us but they only came to
 some to answer - and the
 Freeman the they reported
 but the very scandalous story
 of poor Harry of course put

a stop to them concerning & I
was greatly shocked to hear
he had closed the business
on my return home yesterday
He stopped at Wrentham & I had
the comfort of finding both
my sisters well I saw the
Dy York for one moment
& I saw I thought he looked
better & not at all in
spite of Pply told me he
was a week the best part
of the time which I was
sorry to hear I am glad
to find that the Dy (Lance)

is so much pleased & sincerely
wishes the very best to both
yourself & allowed to enjoy the
sea air & bathing as long
as possible & not attempt to
come to some untold stormy
evening to undertake the
journey - I hope you are quite
well I know of nothing but
how much you have pleased
& how happy all ranks
have been to see you -

Yours
Henry
