

Dec. 8 [1819]

I must begin this letter almost
Prother with the request begging
& praying you to try hard
& come Sunday - I will not
give up the hope of seeing
you on that day until
the very last moment
& then I shall be dreadfully
disappointed if you don't
come - You can see how
bored how dull this
place is without you

Nothing can be more
attention than all your
People & I can not
enough say in praise
of every soul belonging
to you - Yours
Wesley

Dear Mr & Daughter
