Baginist Park Jan 28 -
I must write one line by
hand to you to enquire after
you & sincerely hope you
are well - I received a letter
yesterday from the
State to say the
first would call & be
in the way up to
I am, but after reporting
the same to the
I heard the news
to have Saturday night

to sleep & sleep at Bedford
 Bridge to night & will
 call to-morrow for
 five minutes of leave
 that will end much
 of it - I sent your letter
 to Bedford Bridge & it
 was most heartily
 thank of you to allow
 of such a letter being
 written that could be
 sent to her as it
 amounted very much
 - I am very & thank you

[1820]

excellent & beautiful of heart
which I wish all the world
know only one of us
so well as I do, as then
you would be informed
as you ought to be
I do so only from heart
being human that
justice is not done
to you — as to our
account from Ward —
I think so much making
must be a poor thing
his valuable life is

Desiring never to achieve
& not ought to persecute
ourselves for that which
we will do on earth
Thank God he does not
suffer & the change
to himself will be a
most happy one —
let the Lord come
when it will it
will come in all
a new day & he
one will feel it
more than you
dearly — my heart is
with you in all

& every situation in life
& my ardent prayers
for your comfort & happiness
& prosperity - My heart &
eyes are so full I can
hardly see but I am
not so blind as not
to hold to my God
Bless you & please
me your most
attached & devoted
son - Mary
The Duke sends his
duty -
