1820

My dear Brother In the first place I must  
 say much to you I did not see for  
 a long time when he kindly called at  
 my house since the other day & long  
 to tell him so, I really must  
 as I hope he is quite well I should  
 have been delighted to see him  
 not only for his own sake but still  
 more if I may say so in your  
 as it is a comfort to be assured of  
 me is perfectly attached that  
 you are well & gaining ground  
 then well matter. I hope will  
 do much for you & that you  
 take any advantage of it - The  
 morning chronicle has put me into  
 a fright by announcing the  
 prospect of the Illustration I saw the  
 coming to this country - I heard that  
 before the Illustration was changed  
 that a man had it ought to  
 be given over Queen's man  
Country "God God defend us"  
 I was greatly shocked last night

to hear of your dear mother's death the  
was in my attention to me during  
the whole time at Brighton that  
I had quite a regard for her -  
You will require to know that I have  
seldom met out for the first time  
Yesterday with me & I took her  
into Hyde Park, she was all the  
while for it through a little  
painted & for the last time in  
4 evenings was led me in two persons  
with the same result as of her Bologna  
Italy then through the Egyptian and  
in fact some of her old friends -  
This morning I am going to drive  
me to the Regent's Park & in a  
few days I hope her own carriage  
& horses will be ready for her  
I congratulate you with all my  
heart that Hunt is found  
guilty but I must say I don't  
think in time to thank Justice  
Buller for the very found  
guilty for as far as being

Remember I remain yours - Judge Bullie  
appears to me to be a complaint  
that I have been published some  
times more years ago, & upon this  
occasion as well as upon the  
former occasion the world  
has done us up because upon  
the Bench of Barons Thames as  
a Judge - God bless you and  
blame me not God bless God bless  
Penny
