

[1820]

My dear Brother  
April the 5

Your kind letter  
reached me last night & I thank  
God for the good account you give  
of yourself & I trust the continuance  
of the fine cold weather will  
by degrees restore strength and  
health to that where I leave  
the pleasure of seeing you  
again I should be satisfied  
with your looks when I was  
not at all the last time  
I saw you - We must not  
talk of eyes, but look forward  
with my hope that this  
long illness may clear  
your eyes to the land & with  
ever assure a good state of

health for many years to have  
 which in the most occasional <sup>cases</sup>  
 of long travels - I arrived at this <sup>part</sup>  
 country of Spain in November & had  
 the happiness of finding him  
 completely enjoying himself as  
 much as before the illness  
 which improvements will be  
 a great advantage of useful  
 to the cause & for the shortness  
 of the travels, it is wonderful  
 how my comfortable the less  
 made the house - the apparent  
 I am in is delightful and  
 all the furniture my hand  
 & what it ought to be - I should  
 not have small any more  
apartment - The one of the  
has taken for himself, but

[1820]

every body must be the best judge  
 indeed is for them our comfort  
 but I must say it is full of  
 comforts & well arranged. The  
 weather is lovely & I was out  
 all day yesterday & the best  
 of this morning in the garden  
 & place - & of the day out found  
 a duke for many a country  
 some parts of the year. He can  
 be <sup>in</sup> many places. The Lord  
 likes it well as I say more -  
 I left my traveller for him  
 I think you are a quarter London  
 about Dilly's name for the of  
country there is not in a  
 family way. The whole is  
 in the best condition a  
 journey where he is entirely  
 health & leaving him the  
camp is often staying I  
think in the best weather

buying that complaint in -  
+ they don't take with to leave  
the Guild that is the real  
reason added to what the  
person who has not the care  
of the Guild is to leave them  
& an English Person is to  
have the care of business & to  
begin or manage just as the  
Guild chooses to become  
and to be but necessary to  
include takes a long time  
all this we hope you to  
explain to you - God bless  
you the Duke's service his  
loyalty remember me  
to all our Wives &  
blame me yours  
P. P. P.
