Monday night

My kind Brother

I did not know  
until I had returned from my  
drive <sup>to day</sup> that you were to leave  
last night or I should have  
been at Father's house the  
first thing to day - but that  
being quite stormy yet &  
finding it rained there  
I wish I gave up attempting  
to see you Thursday at  
that late hour I thought  
to see here in the way -  
I long to see you, but

To

will not go to you to become  
 practical you encourage me  
 as I find you seem to go down  
 to the House & the next  
 day being here day -  
 again, without your hand  
 me need to come out  
 any particular time  
 I feel I ought to stay  
 away - I only write this  
 that you may not  
 think Dear I feel that  
 you are not in any thought
