

Hm. 1823

Wed. June 8 [1825]
(see enclosure)

I enclose the volume which
I have been to night from
the concert - & I must beg
of you just to receive
the contents to the H
as I really am at a loss
what answer to give
not knowing what is
the rule in regard
to sending the volume
via
to the post (I have been told
14 it is proper the time)

The thought to know it
 was her intention to pay
 her duty & therefore I feel
 I am not doing what
 is improper in sending
 you the letter & if she
 can be admitted perhaps
 you might by return
 of the several part part
 in paper "She may come"
 of text only tell the
Senate its regulations for
ourselves & therefore I
 will write her now
