My dear Mr William I am going to
 address you in a quite new
 capacity & I hope you will give
 me full credit in believing that
 nothing but very careful
 of the truth of this story would
 make me trouble you to say
 this unpleasantly even before
 my dear brother who is
 always ready to assist those
 in distress - The spirit of my
 present necessity is a new
drawing business which has
 just been to come out

most valuable to her what little
 property she had had her Drury
 materials - with a little entertainment
me which got her out of her feet
 rapidly & stayed all night in
 with supper when sleep was
 after getting to the place which
 has not only earned all off -
 but added much to the duty
 as though she was expected
 to a certain degree when
 the first getting to the place
 all the best would not
 be so easily replaced - In fact
 my dear Mr Pittman I have
 undertaken to make a letter

Subscription for Thomas & try and
get her into being, again —
The same to come this is mine.
I honestly own Thomas. My name
can say know it some —
as to being off debts she would
not help making paper the
first of May for she has 6 children
& her old mother to take care
of & the sitting family out
with drawings in hand, &c &c
will be 250 pounds. I have
added the subscription with
50 — & I thank my sisters
will surely come forward
to me in some thing, but

Stammy as I am —

I must add another apology for
having been unable to
say per leges — I am indebted
a great deal of this week.
Riding as it happened soon
after I left I am and I was late
in the way to depart
unwillingly —
