Windsor, the 9th October 1809

My Dearest Mary,

Your kind letter of yesterday and what Doctor Cope desired you to say, after he had used his Report, have indeed proved a great comfort to me, & have tended in some measure to relieve me from the painful uneasiness which these several ⁴ yesterday had occasioned. It is satisfactory to know that the Bleeding has produced Relief & that the Discharge from the Side has answered Doctor Cope's wishes. I sincerely pray that its early Effect may be the Abatement of the violent Pain which poor Annabella suffers.

Believe me to be,

(Signed)

George A.
