

My
 To Cousin Mary
 October 10 1809

Windsor Castle October 10
 1809

My
 My Cousin Mary,
 The letters which I have this day received from
 you and dear Amelia, appear to me to afford hopes that Uncle
 Gore has not been disappointed in his Expectations of affording
 his poor Relief, although it is impossible that I should not
 regret that the Course pursued has tended so little as yet to
 reduce the Queen in the Scale. I am very thankful to you both
 for your Attention in writing to me, on a Subject so near my
 Heart, and each day tends to induce me more to do if possible
 I was glad to hear that Adolphus had so much enjoyed
 his Party in Somersetshire.

Believe me &c.

(Signed)

George III.
