My Dear Cousin Mary,
I have to thank you for a very kind letter which has
been very satisfactory to me, as it confirms the Reports previously related
of the Relief which Dear Amelia has derived from the Bleeding, and
at the same time assures me that the Arrangements finally made
for her Residence here has removed all uneasiness which she naturally
felt on that Score. I am very grateful to you, my dearest Mary,
for the truly kind and affectionate manner in which you have
expressed your wishes for my Welfare. You indeed thro' Love has
amply proved how much my Satisfaction & Comfort have been
your Object, and every Act of yours has tended yet more to induce
you to do; how more than the tender Love & Attention which
you have bestowed on a beloved Suffering Sister, and the cheerfulness
with which you have devoted yourself to her Service. There are
no circumstances which merit our more to you my cordial
Approbation & Attachment, and, independently of the general
Sentiments which they inspire to all around you, you will find
a Reward in your own invariable Feelings.

I am &c

(Signed) George R.
