

Sep 30, 1807

My accounts thank God continue
good, our dear Mary was at
yesterday evening saying that
now she did not feel as com-
fortable as when in Bed but
was very much improved
when she had returned with
her meal & dinner one today
had a great deal of good
sleep in the night & says
that she is in heaven this
morning (there are her
own words, she desires
her kind love to you &
hopes you are getting better
from the shock you have
had — Augusta Compton

is still with me more agreeable
& pleasant than ever to talk
with great pleasure of your
kind invitation for next
year - I must at work do
then a great deal of good
being amongst a number
of the family & have
to send for I must every
body must be the better
for being with you

Yours truly
