

1810

Friday

My dear Mrs Adams - Many thanks for
your kind letter received yesterday
I am quite used William looks
so much better about the box &
not a little used myself that after
so much worry I am wholly
not to get it, however I have
written to Mr Barnard who perhaps
may still continue to visit
William the Box - you will
have heard that on Sunday
night the King had a grand
return of fire so much
as to have him in grand
dresses for some hours
Thank God it is over!

upon promising but covered an
 alarm for words even
 describe more that he has
 had much from but have
 in no unneeded danger
 however the uncertainty & the
 transient life we live under
 of hope & fear is dreadful —
 Thank God the Divine helps
 up wonderfully in extremities
 in a bad case — There are
 here quite a number that
 last few days with a sore
 throat which reaches and
 languor & loss — both
 publicly & privately are

true
 God
 Dear
 wife
 & me
 with
 love
 etc
