

1810

My dear Mrs Adams as Lady M^{rs} Thynne
intended to go down to you
I put off answering your kind
letter till now. In the first
place I asked the Ladies
concerning how long she wished
you to stay at Windsor the
Ladies if your mind had
the kindness to remain
or till next Monday week
she should like it as though
I could see your appearance in
a little comfort. - I am

with pleasure you shall
see them for as long as
they can possibly stand
it. I am the next thing
I am to say presently from
the L^d that the eye hopes
your columns will come
up to attend the same
sent for a list by M^r
as the power we shall
want all the support
possible of our friends
I can tell you little or
nothing of our land R^t
but that it is a bad day
with him more hurried

but for all that - the Holy Spirit
has not forsaken the course
of Jesus - As to myself I
am nothing all over and
I can give to day what
I have killed since - but to
dear old Jesus & believe
me yours
