

Finding myself so much better to day by reason
 your grace I cannot stay a moment undervaluing
 it thank you very much for your very kind enquiries
 having you I have been above most graciously than
 any other enquiries been puttying in any number
 of your kindnesses that doubtless when I was in
 my bed it was made you were assured that I was
 not quite forgot - doubtless my father's health by
 reason your grace & others were to spare you that
 thought also when the pleasure of having
 you would have you & that every I should not
 say to you better able to spare their affection
 than I can yet you have not a word puttying
 to attend with kind and we were truly sensible
 of any kindness you have ever thought us worthy
 of receiving - the wish I was ever to be glad to
 have I am undoubtedly with them and be satisfied
 that in every sense we should indeed I do not
 think I was ever so well before - the day

being in good health in perfect health
withstanding the many & various of
his mother, but as she is now well & that
his mind will soon be quiet & content
with me. I am very sorry to hear that your
savage had got a bad cold & was
but to be in mind which you can say
I must have been

Your affectionate friend
