 apartment & told you how much I wished
 you wd call in upon me, well; but in
 anxious expectation for when we have

 wish you were come to help; I am
 sure this is the case in this instance
 for I was dying to see you & you
 were down so here is well. as to have
 remembrance of dear George - If you
 have an objection of saying you will
 do us in the next time tell
 the Prime Minister as I perhaps you
 will be let off as I suppose for the

 even know for some currency, which
 I know that I probably was not the

be performed if it. Therefore if you do not
fear a few black lashes you will be a
great deal thinner than you are if you perform
nothing to my contentment - I say a few
black lashes be not many lashes which have

God bless you & thought about in your
