 & trusting that every day every hour
 will it soon find blessing they will
 I firmly believe that you will ^{to wish} & wish:
 "anxious of your present comfort in the
 most abundance & plenty though I can
 make for you - I hope happiness an
 endless for if you judge me as I shall
 you will do me the justice to believe
 that there is no man living on earth
 that would make you happy than I
 do not wish for you, nor I hope for
the most dear & am willing to
 believe for me the kindest friend
 I can be - Indeed there is nothing
 you can say to persuade me to believe
 that I do not feel for you - I am very
 much in mind when my heart feels
 or doubts as I do for you, but you will
 I am sure take the side for the dead -
 - but dear dear it is truly well

not like this proposal & wanted
to know it which from our own
things seem quite a strange
To say the least volunteered doing
with in which has nearly killed
me with happiness & contentment
after he has been paid with Providence
for his services is awarded to be
in little place - I long for a line
from you very much here & to know
that you are not angry with me
- I hope dear Savage will not
think me too forward, but when
I have no news in I do you have
back I like to know what you think
of that I have not answered you different

seen our case, I wish it had lasted
