Europe is chiefly situated in y.<sup>e</sup> temperate  
 Zone. It is ~~about~~<sup>rather</sup> about 2200 English miles long  
 & 2040 broad. It is bounded on the N. by the  
 Frozen Sea. On y.<sup>e</sup> E. by Asia, y.<sup>e</sup> ~~Sea of Caffa~~<sup>Sea of Constantinople</sup>  
 Straights of Caffa, Black ~~Sea~~<sup>Sea of Marmora</sup>  
 Archipelago. On y.<sup>e</sup> W. by the Mediterranean,  
 which divideth it from Africa & on y.<sup>e</sup> W. by  
 y.<sup>e</sup> Atlantick Ocean which separates it from  
 America.

The Europe is much less than any of  
 the other Parts of y.<sup>e</sup> World, yet it is more  
 considerable on account of its being better  
 Peopled. of its having now the <sup>seat</sup> ~~matrix~~ of Arts  
 Sciences and Trade ~~besides its being better~~  
 cultivated.
