

As you so strongly recommend dissipation  
I desire to know you will please to tell me  
~~it~~ what line I am to adopt, or whose bright  
example I am to follow in y. Train of  
fashion & folly I am to pursue - I think  
this highly necessary, for if by chance my  
name should rise high in y. Town - you  
can then take the credit of y. applause I  
gain, & may expect my grateful acknowledgments - if by contamination I  
lose not the sense of that virtue

You see my fr. I am worthy of y<sup>r</sup>  
 friendship & confidences - when that  
 ceases - you will hear no more of me  
 & we shall be then separated for ever -
