Dear Daniell,

On my return last evening from  
 Brunswick I send you 2: 12, I had <sup>the</sup> then in  
 -vices enclosed which I have signed: I suppose  
 accordingly of the owners, you gave the Trustees  
 and have returned signed appeared the Bailiff's let-  
 -ter to me on which I wish to him to act: Hope by the  
 sale of the Long and of the 4: 15, as they come in with  
 and of the 11: 15, and by the proposed reduc-  
 -tion of labour money will not be required of the  
 -Barton: I do not consider the safety and property  
 safe at Newby with fewer currents more than 10: 15  
 and the 1: 15, I wish to see you: I have not the opinion of  
 the Justice that I have of Carter and C. Black: but if

The garden supplies entirely both the Dudley & I have  
it does a great deal: I wish all the farm accounts to  
be discharged as soon as possible: that being their  
also to be discharged: but I hope he and the said  
will both have satisfaction: I have approved of what  
is wanted for the garden and equally of the two  
for Elizabeth's use in the Chamber: I am the present  
arrangements in the Farm will answer to long re-

the tables are again wanted on the spot for fear of taking  
in the long winter nights: now here the weather is  
still fine and milder than it was: the Dutchess  
under her present situation is I trust going on as usual  
-ly as the symptoms have evidently increased since  
my absence at Buxenonick: I shall take very care  
of her & will look forward to the accounts which I

I hope and believe will bring my affairs into a way of  
 being settled permanently to my satisfaction: which  
 and ever believe me,
